

July 22, 2025

Entrance exams for the 2025/2026 academic year have begun at the Tashkent branch of RCTU

Currently, there is a growing demand for highly qualified young specialists across all sectors of industry, particularly in the field of chemistry. In this context, special attention is being given to their training.

Today, the Tashkent branch of the D. I. Mendeleev University of Chemical Technology of Russia has begun entrance exams for the 2025/2026 academic year. Prospective students were tested in foreign language proficiency.

All necessary conditions have been created to ensure that the examination process is conducted in a high-quality and transparent manner. Separate waiting areas have been arranged for parents.

The event was also attended by Evgeny Korzhikov, First Deputy Chairman of the Board of JSC "Uzkimyo sanoat," who congratulated the future chemists and wished them success.

Exams in chemistry and computer science will be held on July 24.
