Second Stage of the Census Reviewed in Yozyovon District

In order to ensure the implementation of the Decree of the President of the Republic of Uzbekistan dated September 19, 2025, "On Conducting the Population and Agricultural Census in the Republic of Uzbekistan," the second stage of the census campaign is being carried out from February 4 to 28.

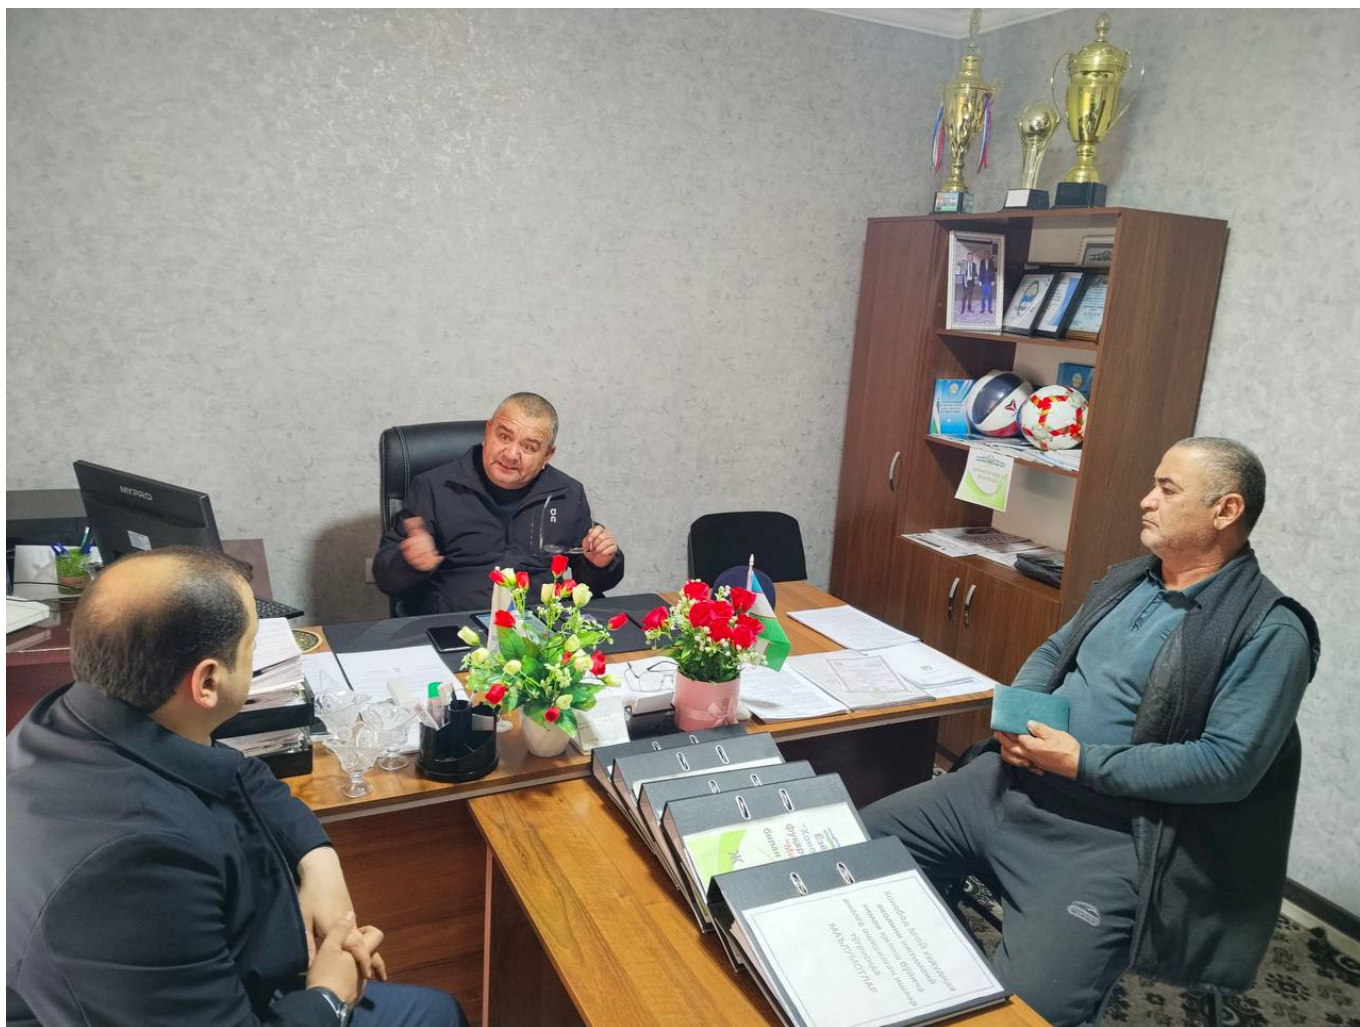

In the Yozyovon district, a working group consisting of responsible representatives of JSC "Uzkimyosanoat," assigned to the region, conducted an on-site review of the process.

In particular, discussions were held with the participation of the mahalla "sevens" of the "Xonobod," "Yoshlar," and "Yuqori Soy Bo'yi" communities. Relevant recommendations were provided to ensure daily coordination with the mahalla citizens' assemblies and the district headquarters, alignment of tasks, and the proper, complete, and timely execution of assigned responsibilities in accordance with established procedures.

Additionally, the officials responsible for the process were informed that the census would contribute to the accurate formation of socio-economic indicators and the creation of a reliable territorial database.
